## Agriculture

Preformed Line Products (PLP) is a global designer, manufacturer and supplier of high quality transmission and distribution hardware. As part of our continuous growth strategy we are able to offer a full range of VINE-LINE® helical fittings and wiring for orchards, vineyards, trellised crops and crops grown under protection.

Trellised crops produce higher yields. A low-cost, long-life, field-proven connector can play a major role in keeping trellising costs low.

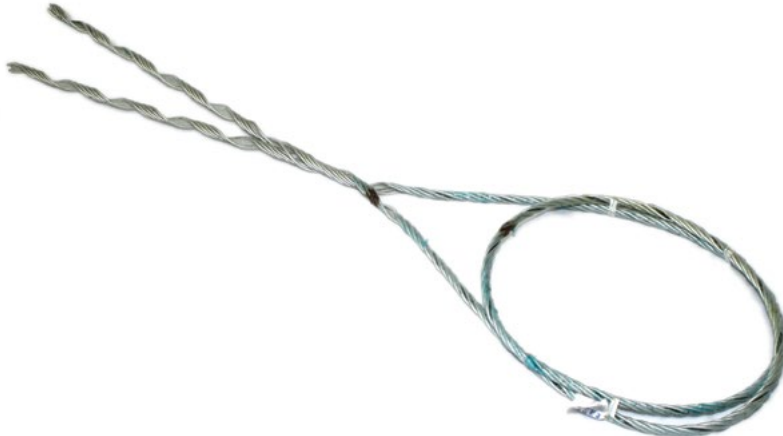

### Advantages:

- VINE-LINE® Grips can be re-used
- Require no special tools
- VINE-LINE® Grips are tried and tested
- Superior holding capacity
- Superior corrosion resistance
- Product is robust
- Cost Effective
- Fast and effective
- Time and labour saving
- Aesthetically pleasing
- Stay is easily re-tensioned and no tools are required for application
